

CAMPUS MAP

SCHOOL LOCATION. CIC is located in the neighborhood of Los Samanes, in the hills just above Caracas. With amazing vistas of the surrounding mountains, the CIC campus is a sanctuary above (but adjacent to) the City of Caracas.

Our campus is filled with mango, lemon, avocado and banana trees; an array of orchids, palms, bamboo, and eucalyptus; and home to hummingbirds, parrots, and a wide range of natural life. Our campus is safe and secure, and a wonderful place to explore as a teacher or student.

The CIC Campus also hosts a turf football field, an outdoor covered dual-court basketball and volleyball area, numerous playing and green areas, farm space, labs and other learning areas. The campus is fully prepared to deliver all IB programmes, as well as all additional events and activities.
